## 2021 Grace+Vine Santa Barbara Grenache

More than a winery, **Grace+Vine** is a proponent of change—empowering climate-positive enjoyment for wine drinkers, food lovers, and passionate activists. Like them, we want to know that our wine does good for the world. By working exclusively with winegrowers and producers whose practices are 100% unconventional—organic, biodynamic, and regenerative—Grace+Vine helps rebuild healthy carbon-storing soils, our planet’s greatest natural system for fighting climate change.

### FARM

|                    |                      |

| <b>Filtration:</b>   | Yes                     |

### WHY WE LOVE IT

|                     |   |
|---------------------|---|
| <b>Description:</b> | A strong argument Grenache is the best thing the Central Coast can do   |
| <b>Label:</b>       | CALIFORNIA POPPY - A vivid flush of color during spring's first bloom, the California poppy, like many other species, is used as a nitrogen-fixing cover crop planted between vineyard rows to compete with unwanted weeds and attract beneficial insects |
| <b>Notes:</b>       | Floral, strawberry, sandalwood  |
